1. Due to the recent reorganization of the Intelligence Community Staff (ICS), the Director/ICS requests three copies of the National Intelligence Daily (NID) be added to the regular ICS distribution. The ICS mission is defined in Executive Order 12333, "United States Intelligence Activities." The Order states that the Intelligence Community shall conduct intelligence activities necessary for the conduct of foreign relations and the protection of the national security of the United States. The order contains explicit language regarding collection on, and protective measures against, hostile intelligence activities, terrorism, and narcotics. The senior officials of ICS must read the NID regularly to keep current on important intelligence issues in order to fulfill the ICS mission as defined in the Executive Order. Listed below are the officers who will be reading the NID. All three have the necessary SCI clearances.
